## **PRESS RELEASE**

### **LidWorks® Participates in “Making Strides Against Breast Cancer”**

**Plant City, FL** – Recently, a total of 25 LidWorks employees with their families and friends participated in the “Making Strides Against Breast Cancer” walk.

We were among 18,500 walkers who together raised \$630,958 for the fight against breast cancer. The LidWorks Team collected \$445.00 from our employees’ donations, which our company matched for a total contribution of \$890.00!

Patty Dougherty, our former Human Resources Manager, commented, “We thank everyone who supported this cause either through donations or by participating in the walk. We had a lot of fun at the event.”

LidWorks is the global foodservice industry's premier lid manufacturer that delivers growth through innovation.

For more information about LidWorks' solutions, please contact the Sales & Marketing Department at 888.752.5579 or visit [www.LidWorks.com](http://www.LidWorks.com).
